Path Of Hope, Inc...

Path of Hope, Inc. was founded in 1976 as a Halfway House for male alcoholics, operated as such until 1981, then was licensed as a Chemical Dependency Treatment Center. In 1983, a facility for the treatment of female alcoholics was opened. In 2009 and 2020 we were given an opportunity to expand our services once again. We now have 3 halfway houses, one in Lexington and two in Asheboro, NC. The addition of these halfway houses will allow us to give a greater service to men and women that desire a life of sobriety.

Path of Hope, Inc. is a private, non-profit corporation 501(c)3, chartered by the State of North Carolina as a tax deductible charity. We are governed by a 12 member Board of Directors. The members of the Board of Directors are interested in and willing to work at combating the disease of addiction.
